

Dear Colleague,

Bay Path University (BPU), a pioneer in innovative academic programs since 1897, and the Massachusetts Administrators for special Education (ASE), the lead non-profit statewide association in Massachusetts advocating for hundreds of special education administrators across the Commonwealth who serve over 160,000 students with disabilities and in support of thousands of special education service providers / special education teachers are committed and look forward to building the capacity of the next generation of strong and qualified leaders in special education administration, to serve and lead our schools in the implementation of supports to students with disabilities.

The special education administrator positions are truly unique and greatly needed in our education schools/community. **There has never been a more *urgent* time, then NOW, to educate a new generation of Special Education Administrators to the charge of leading, learning and providing for our schools, students with disabilities and families.** The ASE/Bay Path University Partnership is committed to this endeavor!

The BPU/ASE partnership will allow qualified candidates the opportunity to enroll in the Bay Path University Special Education Administrator Program and be involved in a Flagship Administrator of Special Education Program.

If you know someone in your district who is interested in pursuing a license as a Special Education Administrator now is the time **to enroll for the Bay Path University Special Education Administrator Master's Program- Cohort 2, which begins Fall 2017. Please share this information with them!!!**

We are offering an excellent promotional opportunity for students for Cohort 2 (newly enrolled Fall 2017 in the BPU Administrator Special Education Master's Program and who have a paid in full ASE Membership).

***The features of this excellent discount Program/ Partnership Offer are:***

- Receive a total of **\$3, 500** in discounts which include:
  - Discount off total tuition, approximately a \$2,400.00 value
